#MileageWaterways

A mileage on waterways brochure was created by GOACC to give those who visit the river an idea of how far they want to paddle and choose the best suitable location for them to enter and exit the river.

MILEAGE on waterways	
Oswayo Creek: Put in Ceres Bridge: Ceres	
•To Power Lines	3.4 miles
•To Treatle	6.0 miles
•To 305 Bridge	6.6 miles
•To Cherry River	7.125 miles
•To Steam Valley	9.172 miles
Allegheny River: Put in W River Rd Bridge: Portville

Allegheny River: Put in Steam Valley Bridge: Portville

•To Ichnia Creek	4.15 miles
•To S. Union Street bridge	4.65 miles

Think about times you have visited the river; when your arms and back start to hurt, or if the sun starts getting too hot, do you often find yourself asking where are we or how much further do we have to go? Using this brochure and referencing the landmarks helps one be better prepared for their outdoor river experience and helps them avoid a longer or harder experience than they intended for.
