

Leadership Cattaraugus

Why Choose Leadership Cattaraugus

Leadership Cattaraugus is recruiting for the Class of 2020. We recognize that Cattaraugus County agencies and businesses are bombarded with advertisements for leadership training. We also recognize that it can be overwhelming to sift through information in the hopes of finding resources that best meet your staff development needs while maintaining your bottom line. Which do you choose? Why choose Leadership Cattaraugus over another program? If you are considering sending an employee to leadership training in 2020, or you are considering attending training yourself, Leadership Cattaraugus could be the right program for you.

Here's Why:

Local Program, Proven Results – Leadership Cattaraugus was formed when local businesses identified the need to build local leaders. Leadership Cattaraugus has been identifying and mentoring local leaders since 2004. There are 319 program alumni and the list keeps growing!

Local knowledge – Our mission is to “Grow a network of informed, active leaders who work collaboratively to build a better community.” Participants directly experience community sectors that make Cattaraugus County unique. Our goal is not only to build leaders, but to inspire participants to “Live, Learn, Lead and Maximize their Potential” by playing an active role in making Cattaraugus County a better place to live.

Increased personal awareness – Self-awareness is a cornerstone of effective leadership. Using the Platinum Rule framework, Leadership Cattaraugus participants learn about four personality styles, identify their own style and learn techniques that enhance their ability to work effectively with others.

Experiential learning – Leadership Cattaraugus is not a traditional classroom-based learning program. Participants build leadership skills such as planning, cooperation, and teamwork as they develop their own program days. This hands-on approach ensures that class participants practice skills needed for success, rather than merely learning theory in a classroom.

Networking – Participants will form connections with classmates, program alumni and community leaders. These connections translate into resources that participants and alums can draw on when they need assistance.

As you can see, there are multiple reasons to choose Leadership Cattaraugus as your leadership development resource and we invite you to learn more about the program by [visiting our website](#). Consider investing in your organization and your community by enrolling an employee in the Class of 2020.
