

## Greater Olean Area Chamber of Commerce

Members and Friends,

Several of our members brought to our attention an email recently sent out from Chamber Board President Tim O'Keefe touting new features to our website, as well as new Chamber programming. The email is sent from the email address President12@usa.com and contains a link for readers to click.

**This email was not sent by the Chamber and is a scam. A screenshot of the email is below.**

While the Chamber is always looking for new ways to enhance membership value, emails announcing any new initiatives will only be sent from addresses ending in @oleanny.com.

Should you receive an email from the Chamber that appears suspicious, we encourage you to notify us immediately by calling 716-372-4433.
